## Example 8 5/8 inch pipe

Configuration Type 1-2-1

## Example 9 5/8 inch pipe

Configuration Type 1-1-1

**Warning:**  
This table shows the maximum number of pipe layers that can be supported by the Pipe Stop PS50 system. The pipes themselves have a stacking limitation as well, take this limitation into account when building the stack!

Please read page 13 of the installation manual for the detailed explanation about installing Pipe Stop Block A

limitation is total weight on each position (24,2 tons)
